DETAILED ACTION

Status Of Claims

1. This Office Action is in response to an amendment received 4/15/2009 in which Applicant lists claims 2, 5, and 7-9 as being canceled, claims 1, 3-4, and 6 as being previously presented, and claim 10 as being new. It is interpreted by the examiner that claims 1, 3-4, 6, and 10 are pending.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/15/2009 has been entered.

Claim Rejections - 35 USC § 112

3. The amendments to the claims dated 4/15/2009 are accepted. The rejections of the claims made under 35 USC 112 second paragraph and cited in the office action mailed 1/15/2009 are hereby withdrawn.

Allowable Subject Matter

4. Claims 1, 3, 4 and 6 are allowed for the same reasons set forth in the office action mailed 1/15/2009.

5. Claim 10 is allowed.

6. The following is an examiner's statement of reasons for allowance:

Claim 10 is allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest a means for determining an amount of polarization rotation and a phase difference applied to a certain light pulse on the basis of a polarization measurement of a preceding input light pulse sequence, realizing a controlled-unitary transform configured to cause a phase difference between a polarization indicating a $|0\rangle$ state and a polarization indicating a $|1\rangle$ state, as generally set forth in claim 10, the device including, in combination with the totality of the particular limitations recited in claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

7. Applicant's arguments, filed 4/15/2009, with respect to the 112 rejections have been fully considered and are persuasive. The rejections of the claims have been withdrawn since the rejected claims were canceled.
